Make Checks Payable to: City of Nashua

HALF-DAY Programs

Maker Shaker Workshop \$200 9am– 12pm

Get shakin' with the maker movement. This DIY based workshop lets you complete challenging building kits and repurpose items using the engineering and design process to dream up something new, useful, fabulous, or just plain fun. Create a motorized squiggly pen and a toothbrush robot. Be an expert maker and design something amazing that you create using Wicked Cool supplies. Entering grades K-5

Wicked Cool Vet School \$220 1pm-4pm

Do you dream of becoming a veterinarian? Grab your lab coat, animal lovers, as we learn about our favorite furry, flying and fishy friends! Make amazing animal models, build big bones, and investigate animal intestines from our favorite vertebrates: birds, mammals, reptiles, amphibians, and fish. End the week with a featured visit with a live animal. Entering grades 1-5

FULL-DAY Programs 9am– 4pm

Lego WeDo 2.0 \$320

LEGO Robotics WeDo 2.0 teaches kids programming skills while making science come to life! The newly designed software and LEGO building kits allows kids to make untethered, free-roaming robots capable of completing structured and open ended tasks. Build roaming bots that use sensors to know when to stop or create a shake table to test house designs to withstand an earthquake. Explore fun new programming options with WeDo 2.0 and take home your own minifigure. grades 2-6

Rocket Science \$300

Rocket Science '17 features the all new Viking research rocket. This customizable model rocket has 48 different fin configurations and as the aerospace engineer, you choose the design as we journey to the moon. Keep a Captain's Log as you investigate what's inside the rocky planets and gas giants. Map distant constellations, create glittering moon rocks, and make galaxy slime as part of your out-of-this-world lunar journey. Blast off with a solid fuel high flying launch at the end of the week. (weather permitting). grades 1-5

Legopalooza \$300

We've added advanced, open-ended STEM activities and engaging new LEGO challenges to our favorite LEGO Robotics program. The WeDo Robotics system features LEGO models that incorporate working motors and sensors combined with simple programming software. Build and program a spinning carousel, a roller coaster, ferris wheel and other fun carnival rides. Each day continue the fun and build moving machines from your very own take home LEGO Klutz Crazy Action Contraptions kit. Entering grades 2-6.

***All Camps have 10 camper min. & a max of 20 ***

ABOUT US

Stem Education and Recreation

Since 2007, Wicked Cool for Kids has provided amazing kids' summer programs that blend STEAM (science, technology, engineering, art, and math) education goals with the kind of fun that kids need on summer break. We champion a great mix of focused lessons and structured play that maintain academic integrity within a creative environment.

Our summer programs integrate STEAM components that create a rich and intentional learning environment with fun challenges and hands-on activities that reinforce grade expectations and beyond.
